

1. Project Title:

Example: "Coffee Website"

2. Project Description:

This project aims to create a simple 3-page website using HTML, CSS, and JavaScript. The website will include a home page, about page, and contact form. It will demonstrate basic layout design, navigation menus, and simple interactivity such as form validation.

3. Group Members:

Name	Roll No.	Section
------	----------	---------

1	25K-3082	
---	----------	--

2	25K-3013	
---	----------	--

3	25K-3021	
---	----------	--

4. Tools / Technologies to be Used:

HTML, CSS, JavaScript, Visual Studio Code, Browser (Chrome/Edge).

5. Expected Outcome:

A fully functional 3-page website demonstrating the concepts learned in ICT Lab.
